

TEAM5 Status Report #1

Date: 1/30

Status Paragraph:

Today we delegated tasks, by deciding which person will be responsible for the frontend of which page. Ameya is creating the Homepage and the User Homepage. Tobias is creating the Profile page and will start generating branding options. Cole is creating the Messages page. Chris is creating the Search page. Andrew is responsible for creating the Login and Sign up pages.

Accomplishments	Notes	Date
Project organization		1/30

Plans (for next meeting):

- Start working on frontends for pages if you can, next meeting this Sunday (2/2) at 5 PM

Blockers:

- Project requirements (don't know ReactJS yet?)
- MongoDB implementation (covered in later lectures)

*****Notes:**

- Began assigning tasks for the frontend
