

TEAM5 Status Report #6

Date: 2/16

Status Paragraph:

We have chosen our logo and theme colors. Tobias is currently working on the profile card styles still but the edit-profile GUI is done. Tobias will work on the fake backend for users. Chris will work on the fake backend for the search.

Accomplishments	Notes	Date
Chosen logo + colors		2/16
Created styling and functionality with test data for messaging	Testing on live server, still need to mimic message sending and work on mobile view	2/16
Profile edit is done	Profile cards themselves are still in progress	2/16
Created navbar		2/15
Search page fronted is done	Haven't ran with node yet, need to add navbar. Fake backend by end of weekend (2/23)	2/16
Created body and sidebar for secondhome page	Have not finished yet	2/16

Plans (for next meeting):

- Continue working on front-end views
- Should start working on midterm presentation next week
- Make fake backend (basic server.js file and pull temp data from json files)
 - Chris
