

# TEAM5 Status Report #3

Date: 2/6

**Status Paragraph:** Now that each member knows what they're working on, we've starting working on the front-end page views in preparation for the mid-term presentation.

Accomplishments	Notes	Date
Everyone started working on their front-end views		2/6

## Plans (for next meeting):

- Continue working on front-end views

## Blockers:

- Project requirements (is react/ proprietary api required?)
- MongoDB implementation (covered in later lectures)
