TEAM5 Status Report #8

Date: 2/23
Status Paragraph:
Today we worked on creating our project presentation. We also looked through our code, and worked through the bugs we found. Finally, we pushed some of our code to the vm.

Accomplishments	Notes	Date
Made some of the pages work on the VM		2/23
Finished midterm presentation		2/23
Finished second homepage		2/22
Adjusted messages page for mobile compatibility and webhook integration		2/23
Finished dynamic profile display endpoint		2/21
Made styles consistent across site with colors, fonts		2/23

Plans (for next meeting):
- We will start working on backend/dividing tasks up on who should do what for the backend.
- Sprint 2 Backlog

Blockers:

***Notes:**
-
