TEAM5 Status Report #3

Date: 2/9

Status Paragraph: Now that each member knows what they're working on, we've started working on the front-end page views in preparation for the mid-term presentation.

Accomplishments	Notes	Date
Downloaded node and ran npm init and npm i		2/9
Continued working on individual front-end views		2/9

Plans (for next meeting):
- Continue working on front-end views
- Integrate React modularity into front-end views

Blockers:
- MongoDB implementation (covered in later lectures)
